

Name: \_\_\_\_\_

Farmers grow plants (crops) on their farm. Plants have different parts and we eat different parts of the plants farmers grow.

**Look** at the pictures below.

**Decide** if each food item comes from the bottom of a plant (roots) or from the top of a plant (leaves, stems, or picked from branches or vines).

From <b>TOP</b> of plant	From <b>BOTTOM</b> of plant

**Cut** out the items below. **Paste** them in the correct columns above.
